

They hurried to the village and
found Mary and Joseph.
And there was the baby,
lying in the manger.
Luke 2:16

Instructions:

1. Print both pages on regular paper or cardstock.
2. Color all the nativity pieces.
3. Carefully cut out each character and object along the black lines. (cutting a rough oval or rectangle around each piece is also ok!)
4. Glue or tape the figures inside and around the stable background.
5. Arrange them any way you like. There's no wrong way to design your nativity scene!
