

Example of Assembled Turtle

Use the Villages

Turtle Cut & Paste Craft – Teacher Directions

1. Print

Print the turtle head, shell, legs, and ocean background for each student. Use color or black & white.

2. Cut

Have students cut out the turtle parts. (You can pre-cut for younger students.)

3. Flip & Glue

Flip the shell over and glue the legs and head to the back side.

4. Assemble

Flip the full turtle right side up and glue it onto the ocean background.

5. Optional

Let students color the turtle and background (if using black and white version). Add seaweed, bubbles, or more ocean animals!
